

Where is solar PV installation & maintenance based?

We've carried out Solar PV System design, installation, testing, repair and maintenance work on solar PV systems of all shapes and sizes all across the UK. All case studies We are located in Wanborough, very close to Swindon in Wiltshire, Southern England, UK.

Can a faulty solar generation meter be repaired?

Solar generation meter replacements are a relatively inexpensive and common repair but sometimes what appears to be a faulty generation meter can be an indication of faulty or damaged wiring elsewhere. If in doubt, book an engineer to carry out a fault finding visit.

Do solar panels have faults?

After a number of years exposed to wind, rain, snow, ice and sometimes animals; solar panel systems can start to develop faults. The most common faults we find related to exposure are ground faults, isolation faults, RISO faults and insulation resistance faults.

Does rayotec repair or service solar hot water systems?

We repair, maintain and service solar hot water systems. Solar is a fantastic eco-friendly way of heating your hot water. Rayotec ensures your solar hot water system keeps your hot water flowing efficiently with a range of repair and maintenance services for issues including:
