

What is the return policy for batteries?

The return policy is that you must return batteries within 30 days of receipt for a full refund or exchange. However, some batteries are non-returnable but you'll still be able to seek a refund if they're defective. We'll cover below how to identify batteries that are non-returnable. You can return batteries for all manner of reasons such as:

What if I miss a battery from Amazon?

If you've purchased batteries from Amazon but perhaps they're poor quality, an unwanted gift or you've simply changed your mind, then you'll need to act quickly to make a return. Most companies have a limited returns window in which to return products for a full refund or exchange and if you miss it, you might be stuck with the product.

Do you repair or refurb a battery pack?

We recell, refurb, and repair Lithium (Li-Ion), Ni-Mh and Ni-Cd battery packs. Our Battery Experts can rebuild and repair the battery pack to fit all popular brands such as Bosch, DEWALT, MAKITA, HITACHI, RYOBI, SnapOn and many more. Each refurbished or recycled pack comes with a 1-year warranty and is rebuilt to high standards. Easy to order online:

Can I return a battery after 30 days?

Here is an example of where the batteries are returnable for a full refund or exchange within 30 days of receipt: You should note that you're unlikely to be able to secure a refund if you use the batteries and simply return them before the 30 days are up unless they're defective in some way.

Can I get a refund if my battery arrives defective?

However, the label clearly says that you may still seek a refund or replacement if your batteries arrive defective. In those circumstances, Amazon will simply send out a new pack or provide a refund and you can dispose of the first pack yourself.

Can you return batteries to Amazon?

In summary, Amazon offers a 30-day returns window on most of its batteries, albeit some cannot be returned, although you'll still be able to get your money back if they're defective. If you do return batteries to Amazon (unless defective), they should be in like-new condition and returned with their packaging and any accessories.

Yeah I get that lol. Ideally since the MagSafe battery pack only charges at 5W (quite possibly slower than all previous smart battery cases) three ideas behind it is to keep it on permanently, ...
