

Are solar panels a good choice in Belgium?

We quickly realized that the quality of solar panels available in Belgium was uneven. Faced with this observation, we invested in quality control equipment for solar panels. This led us to seek more reliable and sustainable solutions for our customers. In 2012, we took a major step by becoming manufacturers of photovoltaic panels.

How has Belga solar changed over the years?

Since then, our production capacity has significantly increased, from 2,000 panels in 2012 to over 100,000 panels in the past three years. From a few people in 2012, Belga Solar, formerly Evocells, now employs over 30 people. We have expanded our infrastructure and invested in cutting-edge technologies.

Where are evocells photovoltaic panels made?

Active for more than 13 years in the photovoltaic sector, Evocells decided, 7 years ago, to launch its own quality photovoltaic panel production line at its Baillonvillesite. Our own manufacturing recipe follows a qualitative selection of components in order to offer very robust panels.

What's new at Belga solar?

With our new name Belga Solar (formerly Evocells), we reaffirm our identity, commitment to quality, sustainability, and innovation. We look forward to guiding you in your solar energy projects. At Belga Solar, we take our environmental responsibility seriously. That's why we have adopted a proactive approach to reducing our carbon footprint.

Why did evocells invest in solar panel testing machines?

Evocells invested in solar panel testing machines (Flash Test and Electroluminescence Test), and found that the quality was not up to scratch... both in terms of real power and the internal and external quality of the panels. It was therefore important to provide a more reliable and sustainable photovoltaic solution to Belgian customers.

Why should you choose Belga solar?

Belga Solar offers the most efficient, reliable, and sustainable photovoltaic solution on the market. YEARS! WHY CHOOSE BELGA SOLAR? At Belga Solar, we offer you more than just solar panels; we provide a complete energy solution.

Evocells is a Belgian manufacturer of high quality photovoltaic panels a few kilometers from the center of Marche-en-Famenne.
