Specification: Name: Battery Renewal Solution Net content: approx. 500 ml. Product components: high-purity distilled water + repair factor + concentrated repair sence Product function: repair ...

A lead-acid battery typically has a rated capacity, and a significant drop in this measurement suggests deterioration. For example, a battery rated for 100 Ah may only hold 60 Ah after several years of use, indicating it requires rejuvenation. 2. Swelling: Swelling occurs when the lead-acid battery's internal components fail.
