

Who makes the best solar panels?

We compared manufacturer data, independent reviews, and third party accreditations for all 322 available solar panel models on the market. According to our findings, the brands with the best solar panels include REC Group, Sunpower, and AIKO.

What are the best solar panels in the UK?

According to our findings, the brands with the best solar panels include REC Group, Sunpower, and AIKO. What is considered the "best" solar panel in the UK will vary depending on who you ask, and what metrics you value. Some homeowners may prefer a low-cost solar panel over one that's highly efficient, for example.

What are the best solar panels in the UK in 2024?

We compared top solar brands to pick the best solar panels in the UK in 2024. We chose SunPower as the best for durability, Project Solar for customer satisfaction, and AIKO as the most efficient. Our experts have researched a broad range of solar panels on the market to help you decide which option best suits your needs.

Which solar panels are best for your home?

Higher-efficiency panels can generate more power in a given space, making them ideal for homes with limited roof space. Monocrystalline panels typically offer the highest efficiency rates, often exceeding 20%, while polycrystalline and thin-film panels usually have lower efficiency rates.

Is Project Solar a good brand?

Project Solar also claims that this solar panel delivers optimal performance in low-light conditions - a concern for many UK homeowners due to the country's famous lack of sunny weather. However, a lower than average overall efficiency rating of 22.18 per cent means Project Solar is one of the weakest brands in this area.

What is the best solar panel in 2025?

Save up to £915 on your electricity bills with solar energy! The best solar panel in 2025 is SunPower Maxeon 6. The best solar panel in terms of warranty is the Project Solar Evolution Titan 445, offering a lifetime warranty of 99.9 years.
