

How much is a lithium battery for an electric chain saw

How much does a battery-electric chainsaw cost?

There's an obvious gulf in price, but almost half the battery-electric's kit price is the battery and charger - the chainsaw itself is \$545. When viewed from afar, aside from the battery model having a thinner guide bar, there's no distinct difference between the two.

What is a mini chainsaw with a lithium battery?

This mini chainsaw with a lithium battery uses a high quality guide chain that has been deep hardened to ensure smooth cutting. It is a mini chainsaw. The design of the wooden teeth allows the chainsaw to get caught on the branches and cut more efficiently and quickly. A safety grille prevents chainsaw dust from getting in the eyes, making it safer while using.

How much does a battery chainsaw weigh?

The dry weight of the best battery chainsaws can swell to well over 15 pounds. Experience shows that a saw's weight is less important than proper balance overall as you only feel the full weight when you're NOT cutting. But carrying around and positioning a heavy saw can certainly be more taxing over a long workday.

What is the best battery chain saw?

The Greenworks 16-Inch Battery Chain Saw Kit is the best option for a battery-powered chain saw. Its brushless motor gets the most out of the 40-volt lithium-ion battery, providing more torque and power without vibration. This extends the battery life and makes the saw more comfortable to use.

Is Einhell cordless chainsaw safe?

The Einhell cordless chainsaw is safe and easy to use around the garden. Kickback protection and an instant-reaction mechanical chain brake protect you while you are working with the chainsaw. The chain stops right away if kickback occurs. A catch bolt holds on to the chain if it jumps off the rail.

What is a GE LC 18/25-1 Li cordless chainsaw?

The GE-LC 18/25-1 Li cordless chainsaw kit combines outstanding Einhell product quality with the cutting performance of an OREGON guide bar and chain. This dependable, handy chainsaw is ideal for pruning or felling small to medium-size trees, making firewood and trimming or cutting up construction timber.
