

Which phone has the best battery life?

Both of those phones -- the Asus ROG Phone 9 Pro and the OnePlus 13 -- finish first and second on our list of long-lasting phones. With more Snapdragon 8 Elite-powered phones on the way, we expect the top of our best phone battery life list to get very crowded very soon.

How do you determine the best phone battery life?

Every phone we review goes through extensive testing in addition to being put through everyday use. The test most relevant to determining the best phone battery life is our proprietary Tom's Guide Battery Life test. (You can get a full rundown of the testing we conduct in our guide to how Tom's Guide tests and reviews smartphones.)

Which iPhone has the longest battery life?

We are putting the iPhone 16 Pro Max as our top pick here for being not only one of the best flagships, but also one of the phones to offer the longer battery life nowadays.
