ABN company offers EPCOS electronic components in Minsk, Belarus. EPCOS, a TDK Group Company, develops, manufactures and markets electronic components and systems.

Why are capacitor manufacturers important?

Most older companies were founded during the AM radio era, which includes the World War II era and post war era. As the demand for advanced electronics continues to grow, the role of capacitor manufacturers becomes increasingly vital, supporting crucial domains like consumer electronics, power systems, automotive technology, and telecommunications.

Minsk new capacitor sales. Our products revolutionize energy storage solutions for base stations, ensuring unparalleled reliability and efficiency in network operations. The global capacitor industry was valued at US\$ 31.79 Bn in 2021. It is estimated to rise at a CAGR of 6.4% from 2022 to 2031. The global market is expected to reach US\$ 58.67 ...
