

Where can I buy portable solar panels?

Portable solar panels at Argos. Use the sun's power to charge your devices on the go with portable solar panels. Order online today for fast home delivery.

Can a portable solar panel power your home?

Learn More > The sun powers our world, and with the right portable solar panel, it can also power your outdoor adventures or home emergency set up. I've tested dozens of models from top brands like Bluetti, Jackery, Anker, Goal Zero, EcoFlow, and BioLite, and have come away impressed with their power generation potential.

What are portable solar panels?

Portable solar panels come in a range of sizes and capacities, from compact units that can charge your smartphone or tablet, to larger panels capable of powering laptops or even small appliances. Many models feature built-in solar power banks, allowing you to store energy for use when the sun isn't shining.

Are portable solar panels smart?

Portable solar panels aren't all that smart. Whatever blast of sun they are getting will be transmitted directly as power to your power station. So before you purchase a portable solar panel, first look at your power station to see how much solar input it can handle. (This is typically found in very small font on the bottom of your power station).

What is the best portable solar panel?

Previously, I had recommended the Anker SOLIX 100W as my best value pick in the 100-watt category. That was in large part due to its built-in sundial, which is invaluable in maximizing the power generation potential of the best portable solar panels. Unfortunately, Anker has since removed the sundial feature from the updated panel.

Are portable solar panels compatible with my portable power station?

There are two specs to check for when looking to see if your portable solar panel is compatible with your portable power station: power potential and connector/port compatibility. Portable solar panels aren't all that smart. Whatever blast of sun they are getting will be transmitted directly as power to your power station.
