Apply Penalty Rates. Next, calculate penalties for late filing and late payment. For example, if \$10,000 is owed and the return is filed four months late, the late filing penalty would be \$2,000 (20% of \$10,000). If the payment is also four months late, the late payment penalty would be \$200 (2% of \$10,000).

Study with Quizlet and memorize flashcards containing terms like A capacitor _____, Capacitors are often used as "suppression capacitors." What does a capacitor suppress?, What does a capacitor store when it is electrically charged? and more.
