Where can I buy metal case Tantalum capacitors in Taiwan?

Address: No. 248-3, Xincheng Rd, Qianzhen District, Kaohsiung City, Taiwan 806 Faithful Link Industrial Corp. offers a wide range of items about Metal Case Tantalum Capacitors, Please check the TEA Series for detail. Address: 235, Taiwan, New Taipei City, Zhonghe District, Jian san Rd, 10F., No.175

Who makes ceiling fan capacitors in Taiwan?

As a global leading capacitor brand, LUNGCHEN CAPACITOR COMPANY is innovative and trustworthy. It was founded in 1989. With more than 20 years' experience of producing capacitors, it is one of the few companies in Taiwan which can produce ceiling fan capacitors professionally.

Are Japanese capacitors safe?

When it comes to electrolytic caps, since they are hugely affected by increased temperatures caused by heat build-up at the PSU's internals (but mostly by current ripple), the caps made by Japanese manufacturers are the safest and highest-quality choice. This is also why Japanese capacitors are always preferred.

Are third-tier capacitors a good choice?

These third-tier capacitors, according to information from various PSU manufacturers and people with knowledge of RMA statistics, along with our own experiences with caps, might not be among the best choices, but are still a grade above the caps that belong to the last category. This group includes the rest of the capacitor brands.

To distinguish our capacitors from the competition and deliver responsible products, we deformed Supertech into our logotype and print on the products, with the exception of those registered in ...

capacitors Suppliers, Manufacturers, Brands and Companies on Taiwantrade.

It is now the first brand of Taiwan's SMD and polymer electrolytic capacitors, and has strong research and

manufacturing capabilities for electrolytic capacitors such as ultra-small, high ...

Some capacitors, made by Taiwanese companies used a flawed formula that ended up with those capacitors failing catastrophically. This was a specific formula, used over ...

The Company's solutions include Smoltek CNF-MIM (Cellulose Nanofiber-Metal Insulator Metal), a disruptive capacitor technology applicable for high performance capacitors with small ...
