

How do I contact San Diego's Battery energy storage systems project?

General Inquiries: Planning & Development Services PDS.LongRangePlanning@sdcounty.ca.gov |(858) 505-6677 Learn more about the County of San Diego's Battery Energy Storage Systems Project.

What is a battery energy storage system?

A Battery Energy Storage System (BESS) is a technology designed to store and manage energy for later use. It typically uses rechargeable batteries to store energy from various sources, such as the electrical grid, renewable energy sources like solar or wind power, or other power generation methods. Some benefits of a BESS include:

What is the San Vicente Energy Storage Facility?

The San Vicente Energy Storage Facility is a project being developed by the City of San Diego and the San Diego County Water Authority. It is a facility that will help avoid rolling blackouts through on-demand energy production. This project also aims to contribute towards meeting state and local climate goals.

How many megawatts of energy will the San Diego Water Authority store?

When completed, the project could store 4,000 megawatt-hours per day of energy and provide enough energy for about 135,000 households. For more information, visit the San Diego County Water Authority website.

What are energy storage projects?

Energy storage projects support grid reliability and the integration of more clean energy into the electric grid. Enables the California Independent System Operator (CAISO) to dispatch energy from our batteries at any time to help balance supply and demand on the statewide grid.

What is Paradise microgrid & battery energy storage system project?

Paradise Microgrid and Battery Energy Storage System Project SDG&E has been rapidly expanding its battery energy storage and microgrid portfolio. We have around 21 BESS and microgrid sites with 335 megawatts (MW) of utility-owned energy storage and another 49+MW in development.

In June 2021, the San Diego City Council approved the electric and gas franchise agreements with San Diego Gas & Electric (SDG&E). The Franchise is a 10-year agreement with the option to extend for an additional ...
