

Solar Energy Installation Project Price List

How much does a solar panel installation cost?

Generally, two installers will work together to install your solar panel system, and depending on its complexity, they can take up to 3 days to complete the installation. This means that you can expect to spend anywhere between £600 and £3,000 on labour costs alone.

How much does a solar panel cost per kilowatt?

Exactly how much a solar panel costs per kilowatt depends on the type of solar panel you're talking about. Monocrystalline solar panels are the most expensive, and their cost per kW is somewhere around £1,000 - £1,500, whereas polycrystalline solar panels cost about £900 per kW.

How much will 10 solar panels cost in the UK?

The cost of 10 solar panels in the UK can vary based on several factors, including the type of panels and the brand you choose. Depending on the size of the solar panels, it will cost between £5,000 to £6,000 to install 10 solar panels, not taking into account labour costs.

What factors influence solar panel costs in the UK?

Several factors influence solar panel costs in the UK, including system size, panel type, installation, additional components, and location. Our solar panel calculator helps you figure out how many solar panels you need, and what solar panels costs, plus you'll get an instant free estimate for solar panel installation at the end.

How do I get a solar panel cost estimate?

Put in the amount of electricity you use. Add in your electricity price, and whether or not you would like solar batteries. Then you can download an instant quote. Welcome to the Solar Panel Cost Calculator, a helpful tool designed to help you start to get a price estimate for solar PV.

How much does it cost to clean solar panels?

You can also hire someone to do it professionally, which will usually cost around £10 per panel - so the total cost will depend on how many panels you have. If it snows on your panels, don't brush it off, as this will probably cause them damage. It'll melt on its own. To learn more, read our guide to solar panel cleaning.
