

Get latest updates on South Sudan sectoral tenders, RFP, bids and eprocurement notices from various regions in South Sudan. TendersOnTime collects the data from various sources like newspaper, South Sudan government tenders websites and other online tenders sites from various counties of South Sudan.

2. Cell stack assembly Different production methods for cylindrical cells and prismatic ones are needed. A perfect combination of dispensing systems for the cell bonding and self-pierce riveting systems for assembling the modules increases quality, for instance, the bonding of the cells using a two component (2C) material.
