

Which lithium-ion batteries are best for power tools?

These are market winners in the area of lithium-ion batteries. The batteries are known for their impressively full compatibility to power tools. For instance, the newly introduced Makita 18V Lithium-ion 6.0 Ah is extremely powerful. It comes with increased performance and presents an exceptionally longer runtime.

Why should you buy power tool batteries & chargers?

These power tool batteries and chargers will make sure you never run out of juice on the job. At Toolstation, we know how important it is to be able to work anywhere - that's why we stock batteries and chargers for all your favourite power tool brands.

What can you use a rechargeable Li-ion battery for?

Use them on anything from power tools to gardening equipment. Rechargeable Li-Ion batteries are durable, long-lasting and recharge quickly. Many come with LED indicators to display the remaining charge level, so you'll always know when it's time for a recharge.

What is Ryobi lithium+ battery technology?

The innovative Ryobi Lithium+ battery technology gives more power, longer runtimes and better durability than previous lithium batteries. Featuring IntelliCell(TM) technology which monitors and balances individual cells to maximise runtimes, storage life and safety.

Powarobor 2 Pack M12 12V 8.0Ah Replacement Battery for Milwaukee M12 XC Cordless Tools, 8000mAh High Capacity Lithium-ion Battery Compatible with 48-11-2401 48-11-2402 48 ...
