

# Zagreb Energy Storage Project Winning Bid Announcement

A list of twelve energy-storage projects that won the bidding in an auction staged by RAAEY, the Regulatory Authority for Waste, Energy and Water are being promoted by a total of seven successful participants.

announcement How many battery energy storage projects have won a bid? Over a gigawatt of bids from battery storage project developers have been successful in the first-ever competitive auctions for low-carbon energy capacity held in Japan. A total 1.67GW of projects won contracts, including 32 battery energy storage system (BESS) totalling 1.1GW ...

This report analyses the winning bid price trends of energy storage systems and turnkey EPCs in China's grid-scale and C& I energy storage market in H1 2024. It is based on the prices from all the publicly announced winning bids from January 2023 to May 2024 by different districts, project types and storage duration.

However, according to a source Energy-Storage.news spoke to, it is very likely to be JSW Renew Energy Five, a subsidiary of JSW Energy, which is in the portfolio of Indian conglomerate JSW Group. JSW Group won SECI's ...

AAT Geothermae was awarded the winning bid for a 10-MW geothermal power project in Croatia as part of a renewables auction. In a document published by Croatia's Energy Market Operator HROTE, the winning companies in the first utility-scale renewables auction held in the country were identified.

Recall that in LSS4, winning bids ranged between 17.68 sen to 24.81 sen per kWh, with the lowest bids then at 13.99 sen/kWh during periods. However, price fluctuations at the time derailed certain projects and resulted in the government providing project deadline extensions, as well as lengthening the tenure of the power purchase agreement to 25 years, ...

BC Jindal Group has announced that its renewable energy arm, Jindal India Renewable Energy (JIRE) has won a 180 MW solar plus storage project from state-owned, NHPC. The project is part of NHPC's 1200 MW inter-state transmission system-connected solar power projects tender with 600 MW/1200 MW energy storage systems. January 27, 2025.

The 250MW/500MWh project is worth IR13.4 billion (US\$160.4 million), Gensol said in a 12 June announcement, noting that GUVNL could take a "greenshoe" option to expand the project to 500MW/1,000MWh which would generate IR26.8 billion for the company over the 12-year term of a battery energy storage purchase agreement (BESPA).

## **Zagreb Energy Storage Project Winning Bid Announcement**

Greece awards 411MW of BESS across 12 winning projects . A total of 93 projects were submitted into the auction, with 12 winners, 3 runner-ups and 78 projects which were excluded from the final list. Projects bid in with a desired annual aid amount, with a weighted average of the winning projects of EUR49,748 per MW per year.

Saudi Power Procurement Company (SPPC) Commences the Qualification Process for the First Group of Battery Energy Storage System Projects at a Total Capacity of 8000 MWh. ... The newly launched energy storage program enables reaching 50% of renewable energy in the Kingdom's energy mix by 2030, and enhances the reliability and resilience of the ...

European Energy Storage Project Winning Bid Announcement. Here is another solar-plus-storage project it is building in South Africa, awarded to the firm through a separate procurement. Image: Scatec. ... The developer claimed it is the largest approved energy storage project to-date in Europe, exceeding the current largest facility in Europe by ...
